RAMSSES General Assembly 05
January, 21st to 23rd, 2019

E-LASS seminar
January, 23rd to 25th, 2019

Piteå, Sweden

The logo for E-LASS features the text "E-LASS" in a bold, blue, sans-serif font. A small orange triangle is positioned above the letter "A". The entire logo is centered within a white square that has an orange border.

Piteå is situated on the south coast of Swedish Lapland and is characterized by many contrasts: Brightness and darkness, cold and warmth, mountains and islands.

The sea at the Gulf of Bothnia is ideal for ice skating, dog sledding and snowmobile safaris.

- Take a swim (in a rescue suit)

Do not miss out!

How to get to Piteå

Flying to Stockholm from Europe is possible via three different Airports:

- Arlanda (ARN) airport, Stockholm, offers a direct connection to Piteå, Luleå (LLA) airport
- Skavsta, Nyköping, mainly Ryanair
- Bromma, Stockholm City airport

For transfers please contact [Tord](#) or [Peter](#)

Transfers will be arranged between airport and hotel. Please contact:

Transportation

Flying in to Arlanda and continuing to Piteå

When flying in to Arlanda airport from Europe and your luggage is checked in all the way to Lulea Airport from your airport, it is only when your last flight to Arlanda is an original SAS flight that your luggage will be brought, at Arlanda, to your next flight between Arlanda and Lulea. If you are landing at Arlanda with any other flight company you will have to take your own luggage from the belt and go through "Custom's clearance", OK, clear?

Transportation between airports.

If you come with a flight to Skavsta Airport, mainly Ryan air, it is about 160 kilometers away from Arlanda and 110 kilometers from Stockholm city. Skavsta is at the city of Nyköping south of Stockholm. There are buses from Skavsta to Stockholm City. There are buses and a speed train (Arlanda Express) from Stockholm City to Arlanda. Doing this travelling is simple but from Skavsta to Arlanda you need a few hours. If you will visit Stockholm on your way, it doesn't matter, right?

Transfers will be arranged between airport and hotel. Please contact:
